WORK EXPERIENCE

Imperial Oil, a subsidiary of Exxon Mobil Corporation

Demand Planner, Calgary, Alberta, Canada Nov 2015-May 2016

- Managed sales forecasts for 2000+ finished products and implemented a bi-weekly review of items with erratic demand patterns which improved monthly demand forecast accuracy by 8-10% each month relative to previous years
- Served as a committee member of the Imperial Oil Calgary Network Advisory Program, an initiative to partner young employees with experienced mentors over informal lunch meetings

Production Planner, Edmonton, Alberta, Canada Nov 2014-Oct 2015

- Planned and scheduled all packaged product fills at the Edmonton lubricants blending plant
- Led a successful inventory rundown of 400 SKU while phasing in their replacement products. This was the largest ever project of its kind across the Exxon Mobil Lubricants network
- Reviewed product family sequencing on each filling line, leading to a reduction in changeover time and increasing throughput by 20%

Deployment Planner, Edmonton, Alberta, Canada Oct 2013-Oct 2014

- Responsible for managing inventory levels of all third-party sourced finished lubricant products
- Achieved and sustained record fulfillment levels by optimizing JDA planning system parameters to eliminate unnecessary SKU replenishments
- Nominated as the safety leader for the front office of the distribution center and oversaw another year with no lost time incidents by promoting safe behaviors

Project Coordinator - Supply Analyst, Calgary, Alberta, Canada Feb 2013-Oct 2013

- Reduced development time for the weekly customer fulfillment report from 8 hours to 2 hours by creating standard templates using SAP, Excel and Tableau
