

Relevant Courses

Mathematics:	Calculus, Statistics, Discrete Mathematics
Theory:	Automata & Formal Language, Computability & Complexity
Computer:	Operating System, Networks, Database, Graphics, IC
Artificial Intelligence:	Evolutionary Computation, Machine Learning

Academic Awards

08/2008 – Present Research Assistant

The University of Georgia, Department of CS (Founded by NIH)

09/2007 – 06/2008 Research Assistant

Fudan University, Software School (Founded by NFS China)

Research Interest

Artificial Intelligence, Human Computer Interaction, Software Engineering
