EDUCATION

B.S. Biosystems Engineering

Expected May 2017

Michigan State University, East Lansing

GPA: 3.97/4.00

- Dean's List (2013-present)
- Honors College Member (2013-present)

INTERNSHIP & WORK EXPERIENCE

Stryker Medical

May 2016 – August 2016

Quality Engineer Intern

- Successfully identified the root cause using analytical problem solving tools to investigate top divisional quality issues trending from post market data
- Evaluated historical issues within the quality system in order to identify and address areas with opportunity for improvement
- Created and developed a prototype heat map within Tableau software to allow for efficient monitoring of internal and external quality metrics throughout the production line

Laboratory for Comparative Orthopedic Research, MSU College of Veterinary Medicine

August 2015 – May 2016

Undergraduate Research Assistant

- Investigated the effect of hypoxic conditions and tensile stress on tendons to increase knowledge of tendinopathy
- Handled and manipulated cell culture in order to examine characteristics and conduct experimentation
- Collected, organized and analyzed data in order to detect variations from expectations and determine sources of error
- Composed and presented technical research poster at the International Symposium on Ligaments and Tendons - XV

Tail Waggers 1990/ Caputo Animal Hospital

May 2014 – August 2015

Veterinary Assistant

- Collaborated alongside licensed Doctors of Veterinary Medicine in surgical operations and gained familiarity with techniques and procedure through observation and inquiry
- Communicated medical information and treatment between doctors and clients in a friendly and effective manner

The Dairy Queen

May 2011 – August 2014

Manager

- Provided outstanding customer service in a fast paced food industry environment and oversaw company operations and organizational strategies while managing coworkers (8-12)
- Resolved customer complaints by quickly developing solutions based on framework of company policy and communications with the establishment owner and national corporation
- Diagnosed equipment and electronic systems issues and made minor repairs to minimize machine dead-time
- Presented problems and suggested solutions at manager meetings in front of superiors and implemented new policies to improve organization of business
