PROFESSIONAL EXPERIENCE

Talgo

Madrid, Spain

Senior Buyer and Sourcing Coordinator, Purchasing Department

Jan 2012 - Jan 2013

- Coordinated the purchasing localization project for interior train parts in Kazakhstan; developed relationships with local suppliers; negotiated contract terms; resulted in an increase of local content by 10%.
- Led technical audits together with the Quality department for train projects in Russia (Moscow-Kiev and Moscow-Berlin) and Saudi Arabia (Mecca-Medina pilgrim train), ensuring that suppliers met quality standards and improving compliance.
- Created and developed a network of suppliers in China; outsourced the production of components, achieved savings of 0,5 million €

Robert Bosch

Madrid, Spain

International Management Program in Supply Chain (Germany – Spain)

Sept 2010 - Dec 2011

- Managed key projects between Spain and Germany with rotations in several departments (Logistics, Purchasing and Controlling) aiming to enhance supply main management efficiency between the two countries.
- Coordinated a Production Transfer Ratio Project by integrating suppliers information, coupling production needs and monitoring transportation, resulting in savings of 200.000 € a year.

Airbus Military-EADS

Seville, Spain

Change Agent, LEAN Manufacturing

May 2009 - May 2010

- Coordinated a LEAN project for the Skins Program (aero structure of the A320 aircraft fuselage), conducted a Value Stream Mapping process; reduced lead time by 20% and inventory stock by 15%.
- Implemented and installed new manufacturing information system aiming to monitor and enhance production workflow.
