Focus in Sustainability and the Built Environment, Dean's List Spring 2012, 2013

Danish Institute for Study Abroad, Copenhagen, Denmark Fall Semester 2013
Sustainability in Europe Program

Lakeside School, Seattle, WA Class of 2011

WORK EXPERIENCE

Friends of Waterfront Seattle, Seattle, WA: Intern, Summer 2014
Focused on strengthening community engagement and support behind the City of Seattle's plans to transform the central waterfront into a dynamic public space. Primarily worked on identifying and incorporating sustainability features of the project into outreach material, researching funding opportunities, and maintaining a database of donors, partners, and event participants. Required high levels of creativity and organization, knowledge of the natural environment, good communication skills, and the ability to manage day-to-day and ongoing projects simultaneously.

Sustainable Seattle, Bullitt Center (Capitol Hill), WA: Sustainability Intern, Summer 2013
Wrote grants, researched local sustainability initiatives, attended meetings with major partners including the City of Seattle, visited project sights, and helped plan and organize community events. Represented Sustainable Seattle at several summer events, answered questions about sustainability and storm water management, helped write and send out monthly newsletters, and maintained a database of members, donors, and partners. Required strong communication skills, high levels of creativity and organization, flexibility, ability to work in a team, and ability to work on several projects at once.

Nordstrom, Bellevue, WA: Sales Support, Summer 2012
Cashiered, ran fitting rooms, assisted customers, and maintained a neat shopping environment. Worked with sales team to develop sales strategies. Required strong communication skills, high levels of organization, and ability to work under stress.

AWARDS & CERTIFICATES

National Merit Corporate Scholarship Semi-Finalist, September 2010
Scripps College Grant for the Environment Recipient, May 2013

CLUBS & INTERESTS

5C Designing Urban Spaces Club (2014-Present)
Working with other students from the Claremont Colleges to make design and planning a more accessible field to students, connect and engage the 5C community and other institutions through relevant events and activities, and develop a well-rounded design curriculum that will better equip students for a career in architecture or urban planning.

Scripps Environmental Club (2013-2014)
Campaigned for increased environmental action across the Claremont campuses. Efforts include lobbying for the future dormitory to be LEED certified, starting a green revolving fund, and decreasing water use around campus.

Graphic Design
Enjoy putting together handouts and presentations & helping friends and families create visually stimulating projects that help convey their message.

Hiking and Travel
Enjoy hiking with friends and families in the Pacific Northwest as well as around Mt. Baldy in Southern California. Have travelled independently both locally and internationally.

TECHNOLOGICAL SKILLS

Proficient in Mac OS, and MS Office, Salesforce, Google Sketch Up, and taking classes Spring 2015 in Geographic Information Systems (ArcGIS), Adobe Photoshop, Illustrator, and InDesign.
