Experience

UC Davis ASCE Student Chapter: Construction Management Competition Project Leader May 2014-Present

- Collaborating with ASCE student leaders along West Coast and China to create a new competition for ASCE student chapters involving applying principles of designing, planning, organizing, and construction in a competitive environment.
- Marketing and promotion including outreach to local engineering firms and on-campus organizations and designing advertisements.
- Development of competition structure, including specific judging criteria and specifications, and writing competition rules.
- Managing UC Davis team, running meetings and practices, managing team equipment and materials, educating team members about construction and management processes.

Williamson Farms: Fruit Vendor

June 2013-Present

- Packing, transporting, and selling avocados and strawberries at farmers markets throughout Northern California; taking in revenues of over \$3,500 per weekend.
- Working Saturdays and Sundays, January-October, from 5:00 am to 4:00-5:00pm

UC Davis Department of Plant Sciences: Lab Assistant

June 2013-March 2014

- Preparation and assisting in teaching labs for Plant Sciences courses; watering, planting, and harvesting crops and flowers; cleaning/maintaining lab and greenhouse facilities.

Dover-Sherborn Regional School District: Summer Maintenance

June 2011-September 2012 (Summers)

- Maintaining Plants & Facilities of Middle School and Cafeteria buildings for preparation between academic years, including: cleaning classrooms, and offices; refinishing floors, paths, and tile; repairing plumbing, furniture, and structural elements; cleaning and inspecting HVAC systems; overseeing deliveries; inspection of roof, exterior wall and basement elements; building security.
