

Maria Rey

235 Albany Street, Cambridge, MA 02139 ~ mariarey@mit.edu ~ (617) 955 9558

EDUCATION

MASSACHUSETTS INSTITUTE OF TECHNOLOGY, Cambridge, Massachusetts

Expected Jun. 2017

Master of Engineering in Logistics

TECNOLOGICO DE MONTERREY, Queretaro, Mexico

Aug 2008 – May 2013

Bachelor of Science in Industrial Engineering. GPA: 93/100

- Lean Manufacturing Certification, 2012-2013
- Green Belt Six Sigma Certification – issued by Arizona State University, 2011

EXPERIENCE

KELLOGG COMPANY Queretaro, Mexico

Packaging Facilitator

Mar 2016 – Aug 2016

- Managed service areas for packaging lines. Operation leader for improvement projects in each of the areas. Saved the company 265K in a Capital Project by modifying the scope of project during pre-launch.
- Monitored plant service rate indicator through follow-up of completion of production orders.

Packaging Supervisor

Oct 2015 – Mar 2016

- Supervised 17 cereal packaging lines. Managed 84 union workers as direct reports.
- Improved overall performance of the shift using people skills. Addressed human resource matters by acknowledging employees' personal issues and giving feedback.

Process Supervisor

Oct 2014 – Oct 2015

- Supervised 9 cereal production lines and ensured meeting volume indicators.
- Managed 43 union workers as direct reports. Improved personnel arrival time by using positive discipline; and reinforced their accurate production records keeping.

PROCTER & GAMBLE Irapuato, Mexico (Gillette)

Nov 2013 – May 2014

Line Leader - Blade treatment and Spacer areas

- Oversaw Gillette blade treatment lines. Improved process reliability of one of the lines from a 60% to an 85% by analyzing machine downtime.
- Supervised 20 people. Coordinated correct overtime payment, ensured adequate personnel availability to perform shift activities.

KELLOGG COMPANY, LA Corporate. Queretaro, Mexico

May 2012 - May 2013

Network Strategy Intern

- Performed site capacity analysis. Created file that updated data and graphed for faster analysis.
- Involved in Business Continuity projects – Developed plan to ensure cereal supply in every market.
- Built optimization models using 'Supply Chain Guru', created a model capable of running with several scenarios for sourcing decisions.
